THE INTELLIGENT ENTRY DOOR SYSTEM

Craftsman Collection Fir Grain Fiberglass Entry Door
System Stained Walnut; Shown with Cimarron™
Decorative Glass.

America's Favorite Doors®

From authentic woodgrain details to energy efficient, strong construction, Clipay's entry door systems are a beautiful choice for every home. Our systems feature state-of-the-art components to give you peace of mind when it comes to security, durability and energy efficiency.

HOW TO CHOOSE YOUR ENTRY DOOR

1 CONSIDER YOUR ENTRYWAY

Does your opening require a single door or does the space allow for sidelites, two doors or even a transom?

2 CHOOSE YOUR DOOR STYLE

Clipay offers many door styles and woodgrain options to complement your home's architecture. If you prefer a painted look, smooth fiberglass and steel doors are more economical, yet durable choices.

ARBOR GROVE™ COLLECTION

RUSTIC COLLECTION

CRAFTSMAN COLLECTION

SMOOTH FIBERGLASS

HIGH-DEFINITION STEEL

3 CHOOSE YOUR GLASS

Enhance the beauty of your home and entryway with many decorative glass options. Select from a wide variety of obscurity levels, glass sizes, coming colors and matching sidelites and transoms. Complementing garage door windows are also available.

ADDISON™ GRAY GLASS

CIMARRON™ GLASS

CLAYTON™ GLASS

See pages 9–15 for our glass offerings.

4 CHOOSE YOUR FINISH

Clipay offers 8 stain and 18 paint colors. Paint choices include Clipay garage door colors for a complementing entry and garage.

FINISHING TOUCH STAIN

PAINT

or

5 CHOOSE YOUR HARDWARE

Locksets and accessories are available in patina and satin nickel to complement coming, hinge and sill finishes. Limited styles are available in polished brass and matte black finishes.

Design the perfect entry door for your home with our Door Imagination System!

smarter by design

More than just a beautiful entry door, Clopay features a proven system of premium door panels coupled with superior components and assembled under the highest quality standards. Durable and reliable, Clopay entry door systems offer years of performance, energy efficiency and dependability.

COMPONENTS OF A CLOPAY® ENTRY DOOR

Grained fiberglass example shown. Smooth fiberglass and steel door differences noted.

PREMIUM FIBERGLASS DOORS

- Cherry, Mahogany, Oak and Fir grain patterns
 - Elegant panel designs
 - Won't dent, rot, crack or rust
 - Low maintenance
 - Available with the Finishing Touch, a durable, long-lasting finish
- See pages 14–15.*

INSULATED DOOR LITES

- Tempered, triple glazed decorative glass¹ helps keep your home warmer in winter, cooler in summer

DURABLE LITE FRAMES

- Resist moisture and seals glass tight to the door
- Won't expand or contract, warp, sag, shift or twist during extreme temperature changes

Arbor Grove™ and Rustic Collections natural woodgrain frames (stain/paint grade)

Craftsman Collection natural woodgrain frames (stain/paint grade)

Smooth fiberglass and steel door white textured frames (paint grade)

Modern smooth fiberglass and steel door white textured frames (paint grade)

COMPOSITE TOP AND BOTTOM RAIL

- 1" top rail; 1-1/2" bottom rail²
- Rot resistant; helps eliminate water infiltration

Internal View

POLYURETHANE FOAM CORE

- Proven effective insulation
- Energy efficient and durable

4-1/4" HINGE AND LOCK STILES

- 3-1/2" LSL (laminated strand lumber) plus 3/4" trimmable hardwood hinge and lock stile run entire length of the door on each side for added strength and stability³
- Rigid, resists bowing
- True square edge, just like a real wood door

¹ Clarion™ collections feature double glazed insulated glass.

² Smooth fiberglass and steel doors have a 1" composite bottom rail and wood top rail.

³ Smooth fiberglass and steel doors have a 12" lock block.

Most Clopay entry door systems are Energy Star certified. See your Clopay Dealer for full details.

SILL AND HINGE COMPONENTS

Grained fiberglass example shown.

WEATHERSTRIP

- Flexible
- Helps seal tight
- Easily replaced

CORNER SEAL PAD

U.S. Patents Pending

- Uniquely designed to block air, water and light at the bottom corners of the door

COMPOSITE ADJUSTABLE SILL

- Adjustable threshold with sealed adjusting mechanisms for performance over time and an optimal seal against four-finger sweep
- High dam, narrow cap design provides barrier against air and water infiltration
- All composite construction—maintenance free, withstands deterioration over time

U.S. Patents: 6,789,358; 7,350,336; 8,522,483; D638,958 and U.S. Patents Pending

Aluminum Approach Composite Substrate Adjustable Threshold

BALL BEARING HINGES

- Three ball bearing hinges help prevent wear and sag
- Available Brass, Patina and Satin Nickel finishes complement sill and glass coming

FOUR-FINGER SWEEP

- Helps to eliminate air and water infiltration

HINGE AND SILL FINISHES

Patina Satin Nickel Brass

JAMB MATERIALS

Standard jamb materials shown. Additional options are available. See your Clopay Dealer for options and additional information.

GRAINED COMPOSITE JAMBS, MULL POSTS AND BRICKMOULD

Composite Mull Posts

Composite Brickmould

- Composite material will not absorb or wick moisture
- Helps prevent warping, rotting and splitting
- Standard on all grained fiberglass entry door systems
- Can be finished to match door stain or paint color

SMOOTH COMPOSITE JAMBS, MULL POSTS AND BRICKMOULD

- Composite material will not absorb or wick moisture
- Helps prevent warping, rotting and splitting
- Standard on all smooth fiberglass entry door systems
- Can be finished to match door paint color

FINGER-JOINTED DURA-FRAME™ JAMBS, MULL POSTS AND BRICKMOULD

- Durable Alaskan Yellow Cypress is finger-jointed to the bottom of a pine jamb at its most vulnerable point, making it naturally resistant to rot to extend the longevity of the frame
- Standard on all steel entry door systems
- Can be finished to match door paint color

DESIGNER GLASS collections

ARTFULLY CRAFTED DESIGNER AND WROUGHT IRON GLASS

Clopay® designer glass is created using an array of art glass pieces set with patina, satin nickel, brass and wrought iron coming styles to create stunning patterns and beautiful style.

Handcrafted designer and wrought iron glass brings light and a distinctive look to your home. Each piece is unique with intentional aesthetic “imperfections” and variations that reflect the authentic process and add to the character of the finished product, while retaining structural stability.

Clopay offers a wide variety of designs, sizes, coming and matching sidelite, transom and complementing garage door window options to enhance every architectural style. Choose your favorite from the following pages.

Design the perfect entry door for your home with our Door Imagination System! Explore all of your options at ClopayDoor.com

TRIPLE GLAZED DESIGNER AND WROUGHT IRON GLASS

Clopay's insulated designer and wrought iron glass is more energy efficient, more secure, easier to clean, and less prone to accidental breakage. Glass designs are permanently sealed between two sheets of clear tempered glass.

THE FINISHING TOUCH

Clopay® entry doors feature the Finishing Touch Stain and Paint System, a custom two-part finish that is durable and long-lasting.

Clopay's Finishing Touch system is warranted for five years*. Our strong, durable finish will help defend against extreme weather and direct sun without chipping, peeling or cracking, leaving your entry door beautiful for years.

**Finishing Touch system requires top coat maintenance within the five year period.*

FINISHING TOUCH STAIN COLORS

Shown on Cherry Grain

Stains available on all Arbor Grove™, Rustic and Craftsman fiberglass door collections. Due to the printing process, colors may vary from the actual product.

FINISHING TOUCH PAINT COLORS

Standard Clopay Garage Door Colors

Additional Paint Options

Paints available on all door collections. Due to the printing process, colors may vary from the actual product.

HARDWARE AND ACCESSORIES

Add the final accents to your new entry door with premium locksets and accessories that complement your door's coming, sill and hinges for the look, security and performance that best fits your lifestyle.

HANDLES & LOCKING SYSTEMS

Clopay offers a wide selection of handles and locksets to fit your style and budget.

Multi-point locks operate as one locking system. A single turn of the key or thumbturn activates all three bolts, drawing the door up against the frame and weatherstrip to maximize performance and dramatically improve security.

ACCESSORIES

Accessories are available on most doors. See your Clopay Dealer for more information.
